TYCO ELECTRONICS' NEW CROWN CLIP BUS BAR CONNECTOR HAS 350 AMP, HOT PLUG, FLOAT MOUNT, BLIND MATE CAPABILITY

HARRISBURG, Pa. – Feb 25, 2008 – Tyco Electronics' compact CROWN CLIP bus bar connectors are designed for high current bus bar power distribution applications. The connectors are available in both single and dual pole, with float mount fixing to allow a 6° misalignment for blind mating.

Using high-performance ELCON CROWN BAND technology, Tyco Electronics' CROWN CLIP bus bar connector handles up to 350 Amps with a maximum 40mV volt drop and insertion forces of less than 20 pounds. This bus bar connector also offers a true hot-plug feature, complies with UL 1977 safety requirements, and is competitively priced.

For more information on Tyco Electronics' CROWN CLIP Bus Bar connectors, please contact your local Tyco Electronics Sales Representative, the Product Information Center (1-800-522-6752) or visit:
