

TKM Hand writable booklet self-laminating labels

Tyco Electronics TKM is a self writable, clear vinyl film with a permanent acrylic adhesive, supplied with a white writable area, which is over-laminated upon application with the clear portion of the label.

TKM labels are a quick, simple and durable form of wire, cable and pipe identification.

Features and benefits

- Manufactured with a white coated area for writing on, and with a clear wrap to wind around a wire or cable to cover the written legend and to protect it against impurities that would cause the label to become illegible.
- Protects printed information from chemicals and frequent handling.
- Supplied in a handy pocket size booklet
- Designed to withstand exposure to Solvents, salts, alkalis and water.

Temperature rating

Operating temperature range -30°C to +120°C -22°F to +248°F

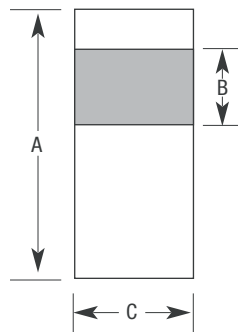

Part numbering system

*TKM size 50 only. Omit this for other examples
